EDUCATION

Geeta University

Bachelor of Technology in Computer Science & Engineering

Panipat, Haryana

2022 - 2026

D.P.H School Madhopur

Higher Secondary School

Gopalganj, Bihar

2020 - 2022

TECHNICAL SKILLS

Programming Languages: C, C++, Python, Java

Frontend : Html, Css, JavaScript, React.js,

Backend : MySQL, Node.js, Express.js, Nextjs

Database : SQL, MongoDB

Other Skills: Data Structures, Linux, OOPs, OS, DBMS

Soft Skill : Communication & Leadership

PROJECTS

Bug Tracking System

Python, MySQL

04.07.2023

- Developed a bug tracking system with modules for login, admin, customer, and expert functionalities.
- Managed user accounts, reported and tracked bugs, and assigned issues to experts for resolution using Python and MySQL.

Ecommerce Backend

Node.js, Express.js, MongoDB, JavaScript, RESTful APIs

15.09.2024

- Built secure user authentication and authorization systems.
- Designed APIs for managing product inventory, orders, and user accounts.
- Implemented database interactions for order processing and inventory management.

EDA for Animal Center

Python for Data Science

13.07.2023

Performed exploratory data analysis (EDA) on animal shelter data using Python. Key activities included:

- Data Cleaning:** Fixed missing values, removed duplicates, and updated column names for clarity.
- Data Analysis:** Extracted month and year from date columns to find trends.
- Visualization:** Created charts to show intake patterns by month and year, popular intake methods, and most common breeds and names.

INTERNSHIP

Indian Institute of Technology (IITK)

15.06.2023 – 15.07.2023

Python for Data Science

Kanpur, U.P

- Gained hands-on experience in various Python libraries such as NumPy, Pandas, and Matplotlib, and learned how to apply them to real-world data problems.
- Also Completed hands-on projects to enhance expertise.

EXTRACURRICULAR

Geeta Technical Hub & Hacktify

10.02.2024 – 28.04.2024

Cyber Security Trainee

- Gained hands-on experience in web application security assessments.
- Performed vulnerability assessments and penetration testing.

CERTIFICATIONS

- Design Thinking – NPTEL
- Data Privacy Fundamentals - IBM
- Python for Data Science - IITK
- Cyber Hygiene Practitioner
- Philosophy & Critical Thinking- NPTEL
- Networking Basics - Cisco
- Penetration Testing
- Backend Development - PW
